

Donegal In A Day

ONE DAY TOUR - APPROX 220 MILES

Go from the heart of Northern Ireland to the **rugged Atlantic coastline** of Donegal and back again. Only the first and last eight miles of the day are on the motorway, so you can enjoy more than 200 miles of country roads and stunning scenery all day long. You'll experience **emerald green drumlins and hills**, the **magical wilderness of highland peat bogs**, **picturesque loughs**

of all sizes and beautiful coastline.

You'll ride a section of the **world-renowned coastal route** between Donegal Town and Ballyshannon, but when you do venture out of rural beauty, it's well worth it to sample the **vibrant atmosphere** of Donegal Town and the **charming lakeland town** of Enniskillen.
