

## Three Peaks

ONE DAY TOUR - APPROX 150 MILES

From traversing the region's **highest peaks** to admiring them (literally at sea level) from the deck of a boat, you'll experience every possible definition of a mountain view in a single day. Take in Slieve Donard, the highest mountain in Ulster, Slieve Gullion and Slieve Foy.

Throw into the mix **ancient kingdoms**, a **scenic sea lough**, a **medieval village**, a **ferry crossing** and a **trip to the seaside** and you've got the makings of a spectacular day trip.
